

Nicholas Mendoza-Jones

Senior Legal Transformation Manager, Gilbert + Tobin

Nic is a legal transformation, technology and innovation expert with a deep understanding of private and in-house practices. Drawing on his years of experience working across top-tier law firm and in-house environments, Nic applies science-driven innovation methodologies and collaborates with key stakeholders to identify optimisation opportunities, develop solutions, and implement lasting, positive change. Whether facilitating design thinking workshops, managing legal technology experiments and deployment, or supporting organisational transformation, Nic combines client-centricity with creativity and commercial nous.
