

Sarah Newman

**Regional President, North
Metropolitan Law Society**

**Principal Lawyer,
Accredited Specialist in
Property Law**

I have over 25 years' experience practising predominantly in property law, including but not limited to, residential and commercial conveyancing for purchasers and vendors, commercial, retail and industrial leasing for tenants and landlords. My client base is varied – from “mum and dad” homeowners to corporate landlords and tenants. Over my career, I have worked in both boutique suburban firms, and very large city firms.

I have been involved with North Metropolitan Law Society since approximately 2010, and have been Regional President since 2021.

In July 2015 I successfully completed the Specialist Accreditation Program in Property Law run by the Law Society of NSW.

Since 2022 I also present the online Conveyancing Essentials workshop for the Law Society of NSW. This is an introduction to conveyancing for junior lawyers or lawyers wanting to start to practise in property law.

When not working my personal life bounces between motorcycling, WIRES native wildlife caring and rescues, too much good food, and travel.
